Fitchburg State University
Communications Media Department
MS, Applied Communication, Social Media Concentration
GCE Online-Accelerated
7 weeks, Friday 28 October – Thursday 15 December 2022
Instructor: Dr. Martin Roberts
Email: mrober40@fitchburgstate.edu

OVERVIEW

This seminar is an exploration of what it means to live with personal, portable, and handheld media technologies. We will study these technologies across time and space by situating them within their historical contexts and by studying their use in various settings. We'll also employ a variety of theoretical frameworks and interdisciplinary approaches. Simultaneously, we will attempt to analyze and theorize our own handheld media experiences through and against the course readings.

COURSE INFORMATION

Platforms

We'll be using Blackboard for submitting assignments ONLY. For discussion, we will be using Discord.

On Discord, if you don't already have an account, please set one up using your Fitchburg State University email address as ID.

If you already have a Discord account there will be problems setting up an account for the course because each account has to be tied to a different phone number, so you will not be able to use your regular phone number for verification. For this reason, you may use your existing account, but if you use a pseudonym please let me know what this is so I know who you are!

Please be sure to check in to the site at least once daily M-F to check the Announcements page and the Discussion forum for the week.

Sources

For reading, we will use ebooks, PDFs, and audiobooks.

PDF documents and the syllabus will be available for download in the [Course Repository](#) hosted on GitHub: please bookmark this link. The folder on the repo will have copies of assigned PDF chapters and articles; to download, click on the document in question and then the Download button.

Please be aware all FSU faculty members are “mandatory reporters,” which means that if you tell me about a situation involving sexual harassment, sexual assault, dating violence, domestic violence, or stalking, I am legally required to share that information with the Title IX Coordinator. If you or someone you know has been impacted by sexual harassment, sexual assault, dating or domestic violence, or stalking, FSU has staff members trained to support you. If you or someone you know has been impacted by sexual harassment, sexual assault, dating or domestic violence, or stalking, please visit <http://fitchburgstate.edu/titleix> to access information about university support and resources.

Counseling services are confidential and are offered at no charge to all enrolled students. Staff at Counseling Services are also available for consultation to faculty, staff and students. Counseling Services is located in the Hammond, 3rd Floor, Room 317.

[Fitchburg Anti-Violence Education \(FAVE\)](#)

FAVE collaborates with a number of community partners (e.g., YWCA Domestic Violence Services, Pathways for Change) to meet our training needs and to link survivors with community based resources. This site also features [resources](#) for help or information about dating violence, domestic violence, sexual assault and stalking. If you or someone you know is in an abusive relationship or has been a victim of sexual assault, there are many places to go for help. Many can be accessed 24 hours a day, seven days a week, 365 days a year. On campus, free and confidential support is provided at both Counseling Services and Health Services.

Community Food Pantry

Food insecurity is a growing issue and it certainly can affect student learning. The ability to have access to nutritious food is incredibly vital. The Falcon Bazaar, located in Hammond G 15, is stocked with food, basic necessities, and can provide meal swipes to support all Fitchburg State students experiencing food insecurity for a day or a semester.

The university continues to partner with Our Father's House to support student needs and access to food and services. All Fitchburg State University students are welcome at the Our Father's House Community Food Pantry. This Pantry is located at the Faith Christian Church at 40 Boutelle St., Fitchburg, MA and is open from 5-7pm. Each "household" may shop for nutritious food once per month by presenting a valid FSU ID.

ACADEMIC INTEGRITY

The University "Academic Integrity" policy can be found online at [http:// www.fitchburgstate.edu/offices-services-directory/office-of-student-conductmediation-education/academic-integrity/](http://www.fitchburgstate.edu/offices-services-directory/office-of-student-conductmediation-education/academic-integrity/). Students are expected to do their own work. Plagiarism and cheating are inexcusable. Any instance of plagiarism or cheating will automatically result in a zero on the assignment and may be reported the Office of Student and Academic Life at the discretion of the instructor.

Plagiarism includes, but is not limited to:

- Using papers or work from another class.
- Using another student's paper or work from any class.
- Copying work or a paper from the Internet.
- The egregious lack of citing sources or documenting research.

If you're not clear on what is or is not plagiarism, ASK. The BEST case scenario if caught is a zero on that assignment, and ignorance of what does or does not count is not an excuse. That being said, I'm a strong supporter of [Fair Use](#) doctrine. Just attribute what you use—and, again, ASK if there's any doubt.

AMERICANS WITH DISABILITIES ACT (ADA)

If you need course adaptations or accommodations because of a disability, if you have emergency medical information to share with the instructor, or if you need special arrangements in case the building must be evacuated, please inform the faculty member as soon as possible.

INCOMPLETE AND LATE ASSIGNMENTS

If you are not able to complete your work, please make every effort to contact your instructor **before the due date**. I am willing to make accommodations where necessary, but will assign a 0 if work is not submitted and we do not make other arrangements.

TECHNOLOGY EXCUSE STATEMENT

At some point during the semester you will likely have a problem with technology. Your laptop will crash; your iPad battery will die; a recording you make will disappear; you will accidentally delete a file; the wireless will go down at a crucial time. These, however, are inevitabilities of life, not emergencies. Technology problems are not excuses for unfinished or late work. Bad things may happen, but you can protect yourself by doing the following:

- Plan ahead: A deadline is the last minute to turn in material. You can start—and finish—early, particularly if challenging resources are required, or you know it will be time consuming to finish this project.
 - Save work early and often: Think how much work you do in 10 minutes. I auto save every 2 minutes.
 - Make regular backups of files in a different location: Between Box, Google Drive, Dropbox, and iCloud, you have ample places to store and backup your materials. Use them.
 - Save drafts: When editing, set aside the original and work with a copy.
 - Practice safe computing: On your personal devices, install and use software to control viruses and malware.
